March 14, 2008

To the Teachers of Hamilton Avenue School:

Let me thank you again for your patience, help and professionalism in ensuring a smooth transition for your students under very difficult circumstances.

At Central Office we are well aware of the issues regarding materials and supplies. As of today science materials, computers, musical instruments and many of the math manipulatives have been delivered. We have made arrangements with various sources (sister schools, publishing houses, Greenwich Public Library) to provide *additional* reading and language arts materials to your classrooms by Monday, March 17, 2008. Additional math materials will be delivered early next week. Please do not hesitate to contact the principals in each of your host schools regarding additional materials and supplies that you need. They are there to help you out.

By Wednesday, March 19, 2008, the results of testing will tell us if we can immediately send the rest of the materials in the modulars out to the schools or if there will be a delay in order to clean them. If the results are good we plan to allow you access to the modulars to get your personal belongings on Wednesday. If the results are not good we will have to postpone your access to the modulars. Please be assured that your personal belongings have not been moved and that you will be able to retrieve them.

Please continue to work with Dr. Rau and Dr. Cline to tell them of any concerns or issues you might have. As many of you know, I generally have an open door policy and make myself available to staff. While I cannot promise you immediate access to me I take pride in returning emails within a 48 hour period. Should you need to contact me directly please do so via email.

Sincerely Yours,

Dr. Betty J. Sternberg  
Superintendent of Schools
