Join us as we explore the NEXT GREEN REVOLUTION

We'll design, redesign, experiment and build as creative and active stewards of our green spaces.

Upcoming Workshops

January 11 - Construct a mini-greenhouse jug: Perennials for pollinators
February 8 - Sub-Irrigated Pop-bottle Planters: Windowsill Lettuce
March 8 - Permaculture
April 12 - Beekeeping
May 10 - Plantable Homemade Paper
June 14 - Composting

Second Sundays at the GEC

support a healthy biodiversity
help rare and useful species find a place, survive, and thrive
be resourceful, adaptive,and resilient
feed our community, and support healthy global ecosystems

in case of rain, wear boots

Second Sundays, 2:00 - 4:00 p.m. Cost: $15/session, 12-17 years
The Garden Education Center, 130 Bible St, Cos Cob, CT, 06807
