Calculator Information

*Only students in algebra and geometry are required to buy a graphing calculator. The Texas Instrument TI-83 is recommended. All other students are expected to use a basic scientific calculator. TI-89 calculators are not allowed. **Once obtained, please make sure the student's name is on the calculator, using permanent marker or preferably an etching pen.**

Individual teachers may ask for a few additional supplies, but this list in most cases includes all the supplies that will be needed at the beginning of the year.
