

NEW LEBANON ELEMENTARY SCHOOL BUILDING COMMITTEE

Community Update – December 2018

About the School Building Project

This intra-district elementary International Baccalaureate magnet school will serve students in grades PreK-5. The centrally located learning commons, equipped with flexible furnishings & adaptable technological infrastructure, allows for multiple zones of simultaneous learning. The building is designed to meet the sustainability goals established by the Educational Specifications and to achieve a gold-level LEED rating from US Green Building Council.

The following work was accomplished:

- Driveway and Walkway Paving is now complete
- Exterior metal wall panels and glass are complete.
- All entrance doorways have been completed.

Work anticipated for the coming weeks:

- Interior finishes to be completed: Progressing from 2nd floor to 1st floor areas
 - Bathroom ceilings, wall tile and sinks
 - Classroom ceilings, light fixtures, millwork and flooring all ongoing on 2nd floor then 1st floor
 - Media center carpet
 - Doors and hardware as rooms are complete
 - Kitchen servery ceramic floor tile
 - Kitchen cooking equipment delivery after tile complete
 - Elevator installation will begin in late November.
- Ductwork, sprinkler piping, domestic water and electrical conduit are all wrapping up
- Interior glass will be complete
- Gym equipment and flooring will be end of December activities

The project has received its 3rd reimbursement from the state, \$4,028,041, totaling \$12,242,352 to date.

If you have a concern, please contact the Gilbane Project Manager, Daniel Phillips at (914) 246-4862.
