

LFG

ADDENDUM #5

LANDMARK
FACILITIES
GROUP, INC.

DATE: 1-3-20

PROJECT: Greenwich High School
Cooling Tower Replacement
BID #2284-19

Norwalk
252 East Avenue
Norwalk, CT 06855
Tel (203) 866-4626
Fax (203) 866-8019

PREPARER: R. Sileo

DISTRIBUTION: ALL BIDDERS
Eugene Watts, Karen Tedesco– GPS

OF PAGES: 2

NOTE: THIS INFORMATION IS TO BE USED AS A SUPPLEMENT TO THE CONTRACT DRAWINGS AND SPECIFICATIONS. THE CONTRACTOR IS RESPONSIBLE FOR FULL COMPLIANCE WITH ALL ORIGINAL CONTRACT REQUIREMENTS, INCLUDING ALL LOCAL AND STATE CODES. ALL PRIOR BID REQUIREMENTS, NOT MODIFIED HEREIN, SHALL APPLY.

Please note the following clarifications to the project scope:

- The bid opening date has been extended to Wednesday, 1/15 at 10am. Bids will be opened at this time and date. This information supersedes info provided in Addendum #4.
- Bidders shall treat replacement of the existing condenser water pumps (P-5, P-7) and all associated materials/labor as an Alternate. This work shall be included as a separate line item in the bid (Alternate #2).

The following questions have been asked and answered:

Q1: Backfilling of material excavated needs to be tested for contamination. Who is responsible for that? If determined after testing that it is contaminated where will it need to be hauled away to?

A1: The installation of the (2) 18-inch condenser water pipes will result in excess excavated material that will need to be tested and removed from the site. Bidders shall include cost to test, transport, and dispose of uncontaminated soil in base bid.

Bidders shall also include a unit price (per cubic yard) for transportation and disposal of contaminated soil per local and state regulations.

Thank you and good luck.

A handwritten signature in black ink, appearing to read "Richard A. Sileo". The signature is fluid and cursive, with the first name "Richard" being the most prominent.
