

**Senior IT Systems Consultant Proposal**  
**Opening Date: June 27, 2019**  
**Opening Time: 11:30 a.m**  
**RFP # 2261-19**

This Addendum No. 1 is being issued to include the following the following question:

**Question:**

Bid Department,

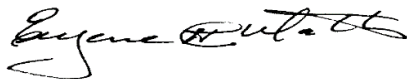

On page 5, under item "8, a." it reads: "Proximity of consultant firm's office with respect to Greenwich. The District requires that the selected firm be within a 50-mile radius of Greenwich."

Would Greenwich Public Schools waive the requirement if the Consultant is made available onsite in accordance with the project's needs or requirements with no added travel time and/or travel expense fee to the District? We are located in Eastern PA and serve as a vCIO and IT consultant for a number of Public Schools Districts in the area.

**Answer:**

We will agree with these terms as proximity of the firm's office is not as important as availability of the firm's consultants to be onsite when needed at no extra cost to the Board of Education.

All project requirements, except for those that are specifically added or modified by this Addendum, shall remain in full effect.

Eugene H. Watts
