GREENWICH PUBLIC SCHOOLS

Magnet Theme: International Baccalaureate

NLS provides a rigorous, multidisciplinary inquiry-based framework based on the acclaimed International Baccalaureate (IB) Primary Years Programme (PYP)

-  Focus on student as an inquirer and citizen of the world
-  Personalized, hands-on learning
-  Spanish instruction beginning in kindergarten
-  Enrichment programs, grade 5 exhibition
-  GPS Curriculum, delivered through IB Framework

What is IB-PYP

The International Baccalaureate Primary Years Program is

an inquiry-led, transdisciplinary framework for delivering the GPS curriculum

that challenges students to think for themselves and take responsibility for their learning

as they explore local and global issues and opportunities in real-life contexts

IB - NLS Alum Perspective

- NLS Alum attending Fordham University

“[The] fundamental values of celebrating the whole person, of being well-rounded in every aspect of life, and of lifting others up when they succeed all stuck with me and with each student. Middle and high school brought challenges that New Leb graduates were prepared to take on, in large part because of our IB background.”

Inclusive Community - Parent Perspective

*"It a community where everyone
knows each other and
teachers take time with the kids."*

- NLS Magnet Parent

Inclusive Community

Before/After School Programs
with transportation
drop off as early as 7:30 a.m.

Preschool

Family Involvement

Community Partnerships

Inclusive Community - Alum Perspective

“Even though I graduated from New Lebanon School nearly ten years ago, I still go to the PTA's Spaghetti Dinner every year. The fundraiser, complete with a delicious meal and raffle prizes, attracts a diverse group of Byram community members who come together to support their community school. I think this is a perfect representation of the intimate relationship New Leb has with its community.”

- NLS Alum Attending
Dartmouth College
