

May 28, 2018

Dear JC Families,

The before school program in the cafeteria at Julian Curtiss School provides a terrific venue for your child to start the school day before the bell rings. The same DLE (digital learning environment) rules and practices apply in the cafeteria as anywhere else throughout the school building.

School iPads are to be utilized for school assignments only.

We consistently instruct students that the same policies apply regardless of where they are when using the iPad. This includes any space within school walls, at before and after school programs, and at home. This week we will be reminding all students who attend the before school program about the Greenwich Public Schools Acceptable Use Policy, which states that students may “only use the device for educational purposes,” and that they are only allowed to use “approved apps and websites.”

If you utilize the before school program, please follow up with your child about the above policy on school issued devices. Additionally, as a friendly reminder, the policy regarding non-school devices, such as cell phones, is that these devices are to remain turned off and stay inside of student backpacks throughout the entirety of the school day. As always we appreciate your partnership.

Sincerely,

Trish McGuire
