

Dear Parents and Guests of JC School,

Parking is available in the lower level of the back parking lot, along the east side of driveway beyond Teacher's lot, and the front circle. The 5 spaces immediately in front of the school are reserved for staff only.

There is NO PARKING along the field side or along the entire south part of the driveway from Milbank to the Teacher's lot and anywhere there is a NO PARKING sign. On a good day, this practice is extremely disruptive to the flow of traffic for those exiting the pickup line, once car pick up has started. Now that there is less room due to mounds of snow, it is EXTREMELY DANGEROUS. The traffic to get out of the driveway yesterday was at a standstill, as cars parked there prevented people trying to get to the car pick up line from entering, and those leaving the car pick up line from exiting.

Please be considerate of the traffic flow at school. It is unlawful to park in a NO PARKING zone and it comes with a very hefty ticket if the police are called. We would greatly appreciate your cooperation in leaving this lane open.

Thank you for your cooperation!
