

NEW LEBANON ELEMENTARY SCHOOL BUILDING COMMITTEE

Community Update – May 2018

About the School Building Project

This intra-district elementary International Baccalaureate magnet school will serve students in grades PreK-5. The centrally located learning commons, equipped with flexible furnishings & adaptable technological infrastructure, allows for multiple zones of simultaneous learning. The building is designed to meet the sustainability goals established by the Educational Specifications and to achieve a gold-level LEED rating from US Green Building Council.

The following work was accomplished:

- Foundation concrete is complete
- Site Excavation and Underground Utilities; Storm drainage
 - Excavation on Richard Street for Sanitary installation has been completed

Work anticipated for the coming weeks:

- Topsoil Screening on-site will be ongoing
- Site Excavation and Underground Utilities; Storm drainage
- Structural Steel has started and will continue through the end of May
- Site Excavation and Underground Utilities
 - The installation of the water service on Richard Street will begin
- Furniture, Fixtures and Equipment coordination is underway
 - Curriculum and Technology Departments are providing respective comments

If you have a concern, please contact the Gilbane Project Manager, Daniel Phillips at (914) 246-4862.
